Asia and Football dominates

90% of our revenue comes from Handicap and Over/Under

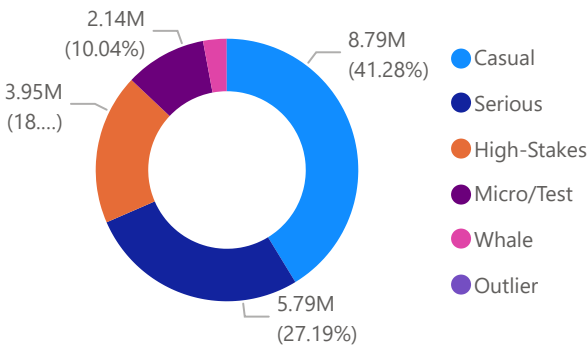

The top web is the only one with no limit bets

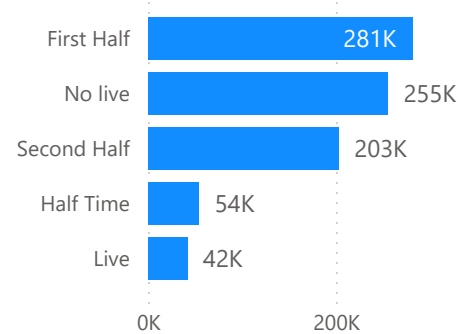

Knockout phase of Champions League made it the top profiting league

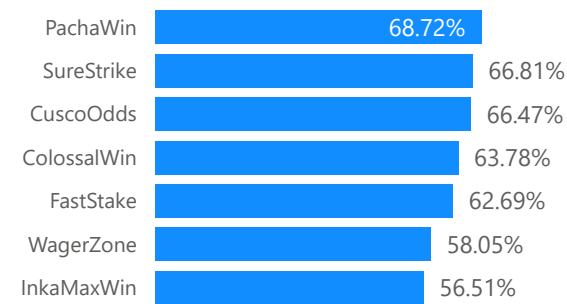

Who are our clients and how much they bet on us?*

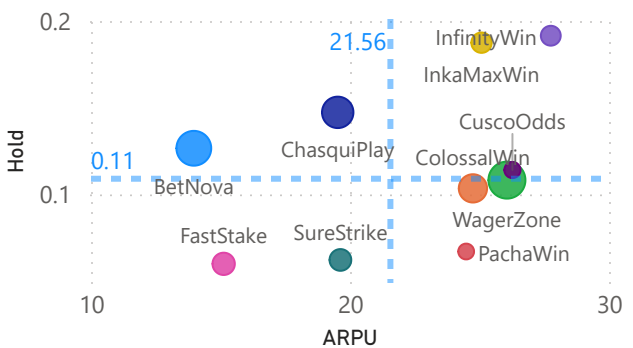

When do they bet the most?

We have to reduce the winning ratio for some webs in order to have a healthy hold

There is a huge opportunity in the webs with low ARPU and low Hold to avoid Churn and increase GGR
